

PEACE of Heart

Partnership • Evaluation • Action • Community • Education

PEACE of Heart is supported by:

When we work together, we can help improve people's health. Our goal is to help prevent heart disease, one person, one community at a time.

If you have any concerns about whether you are at risk, PEACE of Heart invites you to join us for a free health screening and educational event – because you don't know what you don't know.

- Free health screenings for blood pressure, body mass index (BMI), cholesterol, and blood sugar levels/diabetes (requires a blood draw*)
- Information and educational activities led by doctors and other health specialists
- A Community Health Center clinician who'll help you develop a health program
- An invitation to make the Community Health Center your "medical home," a place to address all your health-related needs
- Healthy snacks and activities for the entire family
- Free, fun giveaways!
